The Green Sea Turtle

Isabel Müller

The Green Sea Turtle Isabel Müller
It is night on Raine Island . . . All is quiet except for the gentle sighing of the waves. Suddenly something moves on the shore. Under cover of darkness, a little green turtle climbs out of her sandy cradle. Isabel Müller’s remarkable and engaging account of sea turtles—creatures that have roamed the Earth for over two hundred million years—is as important as it is compelling for young and old alike.
