**A Throne of Bones (Arts of Dark and Light)** Vox Day

In Selenoth, the race of Man is on the ascendant. The ancient dragons sleep. The ghastly Witchkings are no more; their evil power destroyed by the courage of Men and the fearsome magic of the Elves. The Dwarves have retreated to the kingdoms of the Underdeep, the trolls hide in their mountains, and even the savage orc tribes have learned to dread the iron discipline of Amorr's mighty legions. But after four hundred years of mutual suspicion, the rivalry between two of the Houses Martial that rule the Amorran Senate threatens to turn violent, and unrest sparks rebellion throughout the imperial provinces. In the north, the barbarian reavers who have long plagued the coasts of the White Sea unexpectedly plead for the royal protection of the King of Savondir, as they flee a vicious race of wolf-demons who have invaded their islands. And in the distant east, the war drums echo throughout the mountains as orcs and goblins gather in vast numbers, summoned by their bestial gods.

Epic fantasy at its deepest and most gripping. Military fiction at its most fantastic. *A Throne of Bones* is Book I in the ARTS OF DARK AND LIGHT series.
