Building Type Basics for Research Laboratories

Daniel D. Watch, Stephen A. Kliment, Perkins & Will

Building Type Basics for Research Laboratories Daniel D. Watch, Stephen A. Kliment, Perkins & Will The Wiley Building Type Basics series provides architects and other professionals with the essential information they need to jumpstart the design of a variety of facilities. This volume covers the design of research laboratories, with the practical information necessary to meet the construction and renovation needs of this increasingly complex industry. Featuring more than 200 illustrations, the Second Edition now addresses laboratory construction in Asia, the Middle East, and Europe, and updates its information for post-9/11 research needs and trends, including the current International Building Codes. New and updated projects from a variety of designers including Duke University's Medical Science Research Building, GlaxoWellcoms laboratories in the UK, and the US government's Argon laboratory.
