Margaret Cavendish: Gender, Science and Politics

Lisa Walters

Margaret Cavendish: Gender, Science and Politics Lisa Walters
It is often thought that the numerous contradictory perspectives in Margaret Cavendish's writings demonstrate her inability to reconcile her feminism with her conservative, royalist politics. In this book Lisa Walters challenges this view and demonstrates that Cavendish's ideas more closely resemble republican thought, and that her methodology is the foundation for subversive political, scientific and gender theories. With an interdisciplinary focus Walters closely examines Cavendish's work and its context, providing the reader with an enriched understanding of women's contribution to early modern scientific theory, political philosophy, culture and folklore. Considering also Cavendish's ideas in relation to Hobbes and Paracelsus, this volume is of great interest to scholars and students of literature, philosophy, history of ideas, political theory, gender studies and history of science.

From reader reviews:

Robert Doyle:

Reading a reserve tends to be new life style in this particular era globalization. With examining you can get a lot of information which will give you benefit in your life. Together with book everyone in this world may share their idea. Publications can also inspire a lot of people. Many author can inspire their very own reader with their story or maybe their experience. Not only the storyplot that share in the guides. But also they write about advantage about something that you need example of this. How to get the good score toefl, or how to teach your kids, there are many kinds of book which exist now. The authors on earth always try to improve their expertise in writing, they also doing some exploration before they write on their book. One of them is this Margaret Cavendish: Gender, Science and Politics.

Krystal Sutherland:

Playing with family inside a park, coming to see the ocean world or hanging out with good friends is thing that usually you have done when you have spare time, in that case why you don't try thing that really opposite from that. One activity that make you not experiencing tired but still relaxing, trilling like on roller coaster you already been ride on and with addition of knowledge. Even you love Margaret Cavendish: Gender, Science and Politics, you can enjoy both. It is fine combination right, you still desire to miss it? What kind of hang-out type is it? Oh can happen its mind hangout fellas. What? Still don't have it, oh come on its called reading friends.

James Collins:

Your reading 6th sense will not betray you, why because this Margaret Cavendish: Gender, Science and Politics reserve written by well-known writer we are excited for well how to make book which can be understand by anyone who read the book. Written within good manner for you, still dripping wet every ideas and composing skill only for eliminate your hunger then you still hesitation Margaret Cavendish: Gender, Science and Politics as good book but not only by the cover but also from the content. This is one e-book that can break don't assess book by its protect, so do you still needing another sixth sense to pick this particular!? Oh come on your reading through sixth sense already alerted you so why you have to listening to one more sixth sense.

Steven Holloway:

Many people spending their period by playing outside having friends, fun activity together with family or just watching TV all day long. You can have new activity to spend your whole day by looking at a book. Ugh, ya think reading a book can really hard because you have to bring the book everywhere?
