The Truth About Whales Sueann Jackson Land
When the rage of living settles down and age relieves us of blame - then we are ready to heal and move on. After everything we encounter as human beings, after every trial and joy, everything we have chosen this lifetime for - we eventually answer to the human being staring back at us from the mirror. I have suffered at the hands of others; I have also suffered at my own hands. Along with the memoirs that talk about "what they did to me" I wanted to write one that said, "These are the people who helped me. These are the memories that I had to go back and revise because I was wrong. These are the things I could not change and here are the things that I could. This is how I found peace." Ultimately, this book is about survival and the grace that time offers us to change our perceptions and move on.
