Christianity has managed to survive well into the most enlightened and technologically advanced era of all time by instilling in people the fear of Hell and the temptation of Heaven. But do these entities really exist, or are they just inventions designed to command your obedience?

This unique book provides new evidence and compelling arguments in evaluating the answers to many of time's most enduring questions, including:

Is there really a Heaven and Hell? Is there an afterlife? Is there a God? Is time travel possible? Is altruism really beneficial? What is the key to happiness?
