Sexual Alchemy: Magical Intercourse with Spirits Donald Tyson
Chances are that you've heard of Tantra and Taoist sexual practices. Now, as a result of studying the inner mysteries of alchemy, Donald Tyson presents a Western system of sacred sexuality in *Sexual Alchemy*. Here you will learn how to have erotic relationships with loving spirits. That means the methods presented here can function as a Western alternative to Eastern sexual practices. They also can be used by a solitary person and need not depend upon the participation of a partner.
The first part of this book presents a history of sex with spirits. It also goes into the secrets of Eastern internal alchemy and how the books of Western alchemy often made secretive references to sexual magick. You will also learn how to create a physical representation of the spirit you are going to use as a partner.
The second part of the book includes the practices and techniques which the author found to be effective from other sources or developed himself. This includes techniques of diet, exercise, breathwork, banishings, purifications, and finally, an invocation ritual to summon the spirit who is going to be your lover!
Then you will learn the previously hidden secrets of having sex with a spirit lover. You'll learn how to prepare and recognize the signs that this is an actual occurrence and not simply a fantasy. And then, when you have accomplished your ritualized mating, you will learn how to collect and use the resulting, highly charged fluids for magical purposes.
Everything we are, everything we have, is a gift from the Divine. Doesn't it make sense that we use all of our abilities to honor the source from which they came? That means we can even make use of our sensual natures to honor the Gods. If you want to follow a system based on western traditions, this book can be your guide.
