# From Creation to New Creation: Biblical Theology and Exegesis

**From Creation to New Creation: Biblical Theology and Exegesis**
In this illuminating festschrift, sixteen well-known evangelical scholars celebrate the work of a man who has greatly contributed to Evangelical biblical scholarship as we know it today.
G. K. Beale is renowned for his studies that explore how the writers of the New Testament used the Old Testament Scriptures in their letters, Gospels, narrative, and apocalypse. These collected essays, written by both colleagues and former students, reveal the immense appreciation that he has garnered among scholars and exegetes of all kinds.
"Essays by sixteen scholars, including: "
D. A. Carson
Richard J. Bauckham
Douglas Moo
Rikk E. Watts
David F. Wells
John D. Currid
"Greg Beale's work on the use of the OT in the NT has had an enormous influence on an entire generation of students and scholars. His careful attention to methodology, his determination to work in both OT and NT at the highest exegetical levels, and his creativity in detecting subtle relationships between the Testaments have set a high standard for all who work in this area."
--From "Genesis 15:6 in the New Testament" by Douglas J. Moo
