“Midnight Roots” comes from the studio of The Roots of Design. It is a fun, detailed coloring book full of designs that have all been printed with a black background. This midnight edition allows you to create vibrant and dramatic colorings.

The book features designs that have been seen in some of my other books, some that are coming out in the future, and some that may never make it into another book. I went through all my current designs and picked the ones I believed would work best as a midnight page.

This book contains 25 one-sided midnight designs, with a bonus 10 designs that have been turned into outline pages to play with. Grab your pens, markers, or crayons and come take a coloring adventure that is fun for all ages.

This version is printed on paper that is 60 pounds. Tips for coloring this book: crayons and color pencils work great in this book. If you plan to use markers for coloring this version of the book, placing a piece of paper between pages will help to prevent marker bleed through to the next page.
