Gender, Work and Population in Sub-Saharan Africa

Christine Oppong

Gender, Work and Population in Sub-Saharan Africa Christine Oppong
If policies enhancing human development are to be put into practice then consideration is needed of the contribution of women to the labour market in sub-Saharan Africa, where women have the highest rates of economic activity and fertility in a context of the highest levels of maternal and child mortality in the world. Published in association with the International Labour Office (ILO)BR>
