We have moved one step ahead in the arena of student and job-oriented books with the CCL, by enhancing our proven pedagogy to bring together the collective knowledge and wisdom of the world of computers. Books published under this series are specifically designed to engage readers, improve computer skills, and prepare themselves for future success. This comprehensive series with step-by-step instructions and relevant screenshots throughout the text enables readers to have a better understanding of computers. Written in simple and lucid language, without technical jargons, each book of this series is accompanied by an interactive CD/DVD with video tutorials. This book and CD bundle is an ideal resource for getting comfortable and confident with the new features of and updates to Office 2010. The guide book uses easy-to-follow steps and screenshots, and clear, concise language to show the simplest ways to get things done with Microsoft Word, Excel, PowerPoint, Outlook, Access and Publisher. It covers the basics of Microsoft Office, such as typing in Word, navigating an Excel spreadsheet, creating a unique PowerPoint presentation, configuring e-mail with Outlook, designing an Access database, and much more. When you go through the text you feel like you have an MS Office expert by your side to answer your questions and queries.
