The Peoples Idea of God Its Effect On Health and Christianity: (Christian Science Masterpiece Collection) Mary Baker Eddy
Every step of progress is a step more spiritual. The great element of reform is not born of human wisdom; it draws not its life from human organizations; rather is it the crumbling away of material elements from reason, the translation of law back to its original language,—Mind, and the final unity between man and God. The footsteps of thought, as they pass from the sensual side of existence to the reality and Soul of all things, are slow, portending a long night to the traveller; but the guardians of the gloom are the angels of His presence, that impart grandeur to the intellectual wrestling and collisions with old-time faiths, as we drift into more spiritual latitudes. The beatings of our heart can be heard; but the ceaseless throbbings and throes of thought are unheard, as it changes from material to spiritual standpoints. Even the pangs of death disappear, accordingly as the understanding that we are spiritual beings here reappears, and we learn our capabilities for good, which insuresman's continuance and is the true glory of immortality.
