The Outskirts of Hope: A Memoir of the 1960s Deep South

Jo Ivester

The Outskirts of Hope: A Memoir of the 1960s Deep South Jo Ivester
In 1967, when Jo Ivester was ten years old, her father transplanted his young family from a suburb of Boston to a small town in the heart of the Mississippi cotton fields, where he became the medical director of a clinic that served the poor population for miles around. But ultimately it was not Ivester’s father but her mother?a stay-at-home mother of four who became a high school English teacher when the family moved to the South?who made the most enduring mark on the town.

In *The Outskirts of Hope*, Ivester uses journals left by her mother, as well as writings of her own, to paint a vivid, moving, and inspiring portrait of her family’s experiences living and working in an all-black town during the height of the civil rights movement.
