REVIEWS

Written with a childlike imagination and a delightful adult twist,Tarra Light's "The Time Doctor" will appeal to all ages. The underlying metaphysical ideologies and unusual analogies kept me intrigued and laughing.
--Sandra Moilanen, Environmental educator, Winston, Oregon

What is "time?" We think we know, yet modern physics, remote viewing experiments, and paranormal narratives are challenging old beliefs at every turn. But let's not be too serious! With a quirky sense of the ridiculous, the author turns familiar phrases and habits of thinking on their heads, creating a lighthearted journey that challenges us, with warm humor, to open up to realities beyond what we take for granted. Recommended for all ages, with just one requirement: the ability to set aside expectations, trust the author, and enjoy a fine ride.
-- Christine C. Menefee, Librarian and book reviewer, Ashland, Oregon

Tarra's manner of writing is appealing and gets the reader enthralled right away, without taking itself too seriously and over-intellectualizing points in the theme, as many tend to do with such a huge, vast, mysterious subject as time/space!
-- Cecile Poletti, Artist, Ashland, Oregon
