Martin worked as an illustrator for an advertising agency. He had a deep love for his sexy, young wife, but what bothered her was that he just didn't seem to be able to give her the kind of exciting sex that she really wanted. Lorri had felt guilty at first over banging with Freddie, but after he had thoroughly hypnotized her with his sexy movements, she felt differently about the whole thing.

The more she thought about what she had been through with him, the more she liked the prospect of some more of that same kind of sex.

Lorri realized she had to pull herself together. After all, it would be highly dangerous for her to get involved with somebody like Freddie on a regular basis. Maybe she could through her instructive example make Martin be a little more sexy guy.

When our young nubile realtor is seduced into a spot of pre-sale shagging, Lorri is surprised to know that her prospective client likes it a certain way. It's not something she's used to, locked into marriage with Martin who is less than adventurous in the bedroom department, and besides; how on Earth will it all fit into her narrowest aperture. It's not long before Freddie is really opening her up to all the delights a damned fine rear rutting can really bring. And from then Lorri is hooked.

With colleges, old friends, rock star drummers, she will let them all explore her most delicate of openings, in a myriad different positions and places. But will she succeed in getting her husband to take her the only way she now knows to get off? It is going to be a lot of fun finding out.
