The Mandela Effect Journal: A Beginners Guide to the Rising Phenomenon and Those Behind It. Len Du Randt, Pw Pretorius
What is the Mandela Effect and does it affect you? We created this journal so that those who fall under the Mandela effect can record their findings and this safeguard their memories. We truly believe in these unexplained times, that the only true safeguard is your own written words. Included in this journal is the complete beginners guide to the Mandela effect. Not to be missed! This might be the lasting gift to a loved one or yourself. Do you believe in alternate realities or dimensions? What if we told you that you might be one of thousands, or even hundreds of thousands of people who are not from this current timeline? You might laugh and scoff at first, until you dig deeper and find out that things you were once 100% certain of, are wrong; memories that you have, are completely different than what they really are. Quick example... Did Darth Vader ever say, "Luke, I am your father!" ? If you answered "yes," then you are 100% correct... in your OLD timeline. However, in the current timeline, you are 100% wrong. Go take a look at any copy of the footage, and you will see that what you once believed to be true, no longer is. Some people blame Aliens for this anomaly, while others believe that it's a deception of Biblical proportions. The most common thread, however, appears to be the guys at CERN and D-Wave Systems.
