JavaScript For Kids For Dummies Chris Minnick, Eva Holland
Have big dreams? Kick start them with JavaScript!

If we've learned one thing from the Millennial generation, it's that no one is too young to make history online. *JavaScript For Kids For Dummies* introduces pre-teens and early teens alike to the world of JavaScript, which is an integral programming language that drives the functionality of websites and apps. This informative, yet engaging text guides you through the basics of coding with JavaScript, and is an essential resource if you want to expand your technology skills while following easy, step-by-step instructions. Through small, goal-oriented projects, you learn key coding concepts, while actually creating apps, games, and more. This hands-on experience, coupled with the presentation of ideas in a simple style, allows you to both learn and retain JavaScript fundamentals.

JavaScript has been heralded as 'the programming language of the web,' and many kids are interested in learning how to use it; however, most schools don't offer coding classes at this level, and most families can't afford the high cost of coding classes through a summer camp. But this can't stop you from developing your JavaScript coding skills! This fun text is all you need to get started on your JavaScript journey.

- Explore the basics of JavaScript through the creation of a calculator app
- Deepen your understanding of HTML, arrays, and variables by building a grocery shopping app
- Learn conditional logic through the development of a choose your own adventure game
- Discover loops and strings by creating a lemonade stand app and MadLibs-style game

JavaScript For Kids For Dummies brings pre-teens and early teens into the world of coding by teaching them one of the key Web design languages.

From reader reviews:

Linda Amos:

Your reading 6th sense will not betray a person, why because this JavaScript For Kids For Dummies e-book written by well-known writer who knows well how to make book which might be understand by anyone who else read the book. Written with good manner for you, leaking every ideas and producing skill only for eliminate your hunger then you still doubt JavaScript For Kids For Dummies as good book not only by the cover but also through the content. This is one book that can break don't judge book by its deal with, so do you still needing an additional sixth sense to pick this particular!? Oh come on your reading through sixth sense already told you so why you have to listening to yet another sixth sense.

Abel Graham:

Many people spending their time period by playing outside with friends, fun activity along with family or just watching TV the entire day. You can have new activity to pay your whole day by reading a book. Ugh, do you consider reading a book can actually hard because you have to take the book everywhere? It ok you can have the e-book, delivering everywhere you want in your Smart phone. Like JavaScript For Kids For Dummies which is obtaining the e-book version. So , try out this book? Let's view.

Louie Thompson:

That e-book can make you to feel relax. That book JavaScript For Kids For Dummies was colorful and of course has pictures on the website. As we know that book JavaScript For Kids For Dummies has many kinds or category. Start from kids until young adults. For example Naruto or Investigator Conan you can read and think you are the character on there. So , not at all of book are generally make you bored, any it offers up you feel happy, fun and unwind. Try to choose the best book for yourself and try to like reading which.

Ricardo Hempel:

As a scholar exactly feel bored to reading. If their teacher requested them to go to the library or even make summary for some reserve, they are complained. Just minor students that has reading's heart and soul or real their interest. They just do what the trainer want, like asked to go to the library. They go to presently there but nothing reading very seriously. Any students feel that examining is not important, boring along with can't see colorful photos on there. Yeah, it is to be complicated. Book is very important for you personally. As we know that on this period of time, many ways to get whatever we really wish for. Likewise word says, ways to reach Chinese's country. So , this JavaScript For Kids For Dummies can make you sense more interested to read.
