Tom Hammick: Wall, Window, World Julian Bell
This is the first book to survey the work of painter and printmaker Tom Hammick (b.1963). It sets Hammick's art within the context of contemporary debates about painting while relating it to the two-centuries-old Romantic tradition. Informed by the author’s sustained contact with Hammick over many years, illustrated with over 120 carefully selected images, and produced in close collaboration with the artist, Tom Hammick: Wall, Window, World will appeal to the artist's collectors and wide popular audience, as well as students, art-world professionals and painting enthusiasts. It is available also in a special edition incorporating the three-part colour etching Fallout, created by the artist specially for this publication in an edition of 60.
