I Love Science: A Journal for Self-Discovery and Big Ideas Rachel Ignotofsky

A guided journal for young women and girls based on Rachel Ignotofsky's *New York Times* bestselling book *Women in Science: 50 Fearless Pioneers Who Changed the World.*

Colorful and charmingly illustrated, *I Love Science* encourages young women and girls to ponder the world and the daily ins and outs of their lives. Opening with a short reference section that contains basic equations, the periodic table, basic HTML codes, and a measurement converter, the journal then invites the user to write and dream through writing prompts like, "What is a challenge you've overcome recently?"

The jourjal also features inspirational quotes from notable women who've achieved greatness in the science, technology, mathematics, and engineering (STEM) fields, such as famous primatologist Jane Goodall who famously said "Only when our clever brain and our human heart work together can we reach our full potential."
