Marketing & Economics: An integrative approach to making effective business decisions in the global marketing world. (Vernon Series on Business and Finance) Sultan Kermally
This book bridges the disciplines of economics and marketing and brings them to bear on the analysis of contemporary business problems. The world has changed dramatically over the last four decades. Sociologically, technologically, economically and politically speaking the world is changing at an increasing pace. The spread of ideas and values are reinforcing the impact of globalization on various business operations and activities. As the late Peter Drucker once remarked: while you were out the world changed.
