No Degree, No Problem Josh Kemp
More than 100 pages of new, cutting-edge content.

Forget the old concept of learning programming and the rest of the go to college to get a computer science degree-there is no need to wait and every reason not to, especially in unpredictable economic times. Whether your dream is landing a Rails developer job, making your own Web app, going out on your own as a freelancer, or just want to land a job in the fast growing field of technology, No Degree, No Problem is the blueprint.

This step-by-step guide to landing a Ruby on Rails job teaches:
How Josh went from self employed Blacksmith to landing a junior developer position making $70K
How to land a Ruby on Rails job, the 36 step roadmap to landing your first junior developer position
How to have a "Secret Weapon" more powerful than a blog or resume
How to know when you are good enough to get hired

The techniques, methods, and strategies in this book have been used to help hundreds of people all over the world land jobs. The new version of this book has 4x the content of the original and the result is the fastest, easiest way to land an entry level Rails developer position.
