Orthodoxy and the West: Hellenic Self-Identity in the Modern Age

Christos Yannaras

Orthodoxy and the West: Hellenic Self-Identity in the Modern Age Christos Yannaras
This book tells the story, from a Greek perspective, of the penetration of Orthodoxy by Western theological attitudes, beginning with the first translations of Thomas Aquinas and ending with the tradition of academic theology of the modern Greek universities. From the fourteenth century to the present day the Greek Church has either willingly adopted Western religious ideas or had them forced upon it by authoritarian Greek governments. This book tells the story, from a Greek perspective, of the penetration of Orthodoxy by Western theological attitudes, beginning with the first translations of Thomas Aquinas and ending with the tradition of academic theology of the modern Greek universities. The unfolding of the story, punctuated by many vivid portraits of the chief personalities of the times, raises searching questions about the nature of Hellenic self-identity.
