"Seek not to find but to discover" ~Through all things must come the balance of good and evil Poetry can sometimes be a hard thing to sale. Everyone has their ideas of what good and bad poetry is. My theory is like everyone else. Some poets are phenomenal, others are bad. In this book the poetry is wonderfully written. Touching on subjects of love, finding oneself and pain. I want you the reader to connect emotionally with the words I write. I want you to be able to put yourself in the poetry as if I am talking about you. I believe This is the way poetry should be. This is the one way you can be enraptured and truly feel the message. Keep in mind this: There are two types of poetry books. The first is one were you'll read a poem half way through and say ugh kinda sparked something. OR the second one. This one is the one were you'll read the poem all the way through to the end and truly feel that it was a pleasurable experience and want to read more. I want to give you the experience of the second type of book. Click on (Look Inside) And read some to truly experience what I'm talking about. If you don't feel the words, tell me in a review. And state specifically why. I also want you to know that I do not wish to complicate poetry unnecessarily. So don't expect nothing but top notch and very understandable poetry from me. Email me if you want to know more, or would just like to tell me how great my book is. All emails on other topics are welcome as well! ---
