Performance: An Alphabet of Performative Writing Ronald J Pelias
Performance uses the alphabet as an organizational device to present a series of short pieces that approach performance from multiple perspectives and various compositional strategies. Pelias's essays, poetry, dialogue, personal narratives, quick speculations, and other literary genres explore the key themes in this field, encapsulating the essence of performance studies for the novice and providing food for thought for the expert. Its brief, evocative, and reflexive pieces introduce performative writing as a method of research for those in performance and many other fields.
