Your Worst Fears Janae Mitchell
"Reality was now a nightmare I couldn't wake up from." When a paranormal research team spends the night in the notoriously haunted Smoky Mountain Sanatorium, they imagine it will be like any other investigation. However, when the normal things that go bump in the night turn into screams, with investigators running from things they can't see, they realize it will be nothing like other investigations. Determined not to let the ghosts of the sanatorium win, they stick together and stay until morning, not leaving until the sun comes up. What the team fails to realize is that they might be able to leave the sanatorium, but they'll never really be able to get away. Once the ghosts of Smoky Mountain Sanatorium are awakened, so are your worst fears.
