Luis Fernández-Galiano sums up the architectural production in Spain over the past year in this insightful overview of 24 exemplary buildings. Addressing both recent political and cultural developments in the shifting economic climate, from austerity to solidarity, this anthology covers several approaches and typologies. Themes range from institutional projects and scientific spaces to residential highlights and material innovations. Notable projects include the Matadero Contemporary Art Centre, Zaragozas Neuropsychiatric Centre, new congress centres in Seville and Toledo, a teacher training school in Granada, Madrids UAM Main Square, social housing in Tarragona and more.
