Safely Navigating the Dating Minefield Hurt feelings, unmet expectations, dashed hopes, misplaced trust - these are just some of the potential time bombs that explode in dating relationships leaving a trail of broken hearts. Does it have to be this way? Do you have to stop dating to protect yourself and others from deep hurt? As a pastor of a large congregation and former singles pastor, author Chuck Milian has seen firsthand the broken relationships that occur when men and women don't move with proactive care in and through their dating relationships. With pastoral wisdom and insight, Milian educates readers about defining expectations before they start dating, and he outlines a specific five-step dating plan that will help limit relational damage as they look for someone to share their lives with. The author encourages, challenges, and instructs believers in this comprehensive how-to-date handbook. He gives practical advice on wisely forming relationships with the opposite sex while still having fun, avoiding unnecessary hurts, making lifelong friends, and knowing "where they are" each step of the way. Filled with personal reflections and insights, singles will take a look back at their past relational mishaps and move forward into a biblically healthy and romantically fulfilling relationship as God intended it to be. This book remedies and reduces the casualties of the current dating minefield where hearts get broken daily and sometimes never recover.
