Torts: A Context and Practice Casebook Paula J. Manning
This unique book uses actual litigation documents and contexts so that students learn doctrine and skills in a real-life setting. Rule and statute deconstruction, case reading, and organizing/synthesizing materials are explicitly taught along with doctrine and are linked to law practice tasks. Introductory materials in each section provide a framework for understanding the material, and questions and exercises help students apply the materials to further their understanding. The user-friendly combination of skills instruction with doctrine is geared to a variety of learning styles.

The teacher's manual includes multiple choice questions, PowerPoint slides and suggested materials (instant feedback forms, YouTube video links, etc.).

This book is part of the *Context and Practice Series*, edited by Michael Hunter Schwartz, Professor of Law and Dean of the University of Arkansas at Little Rock Bowen School of Law.
