Crow Country Kate Constable
From the author of the Chanters of Tremaris series comes a contemporary time travel fantasy, grounded in the landscape of Australia

Beginning and ending, always the same, always now. The game, the story, the riddle, hiding and seeking. Crow comes from this place; this place comes from Crow. And Crow has work for you.

Sadie isn't thrilled when her mother drags her from the city to live in the country town of Boort. But soon she starts making connections—with the country, with the past, with two boys, Lachie and Walter, and, most surprisingly, with the ever-present crows. When Sadie is tumbled back in time to view a terrible crime, she is pulled into a strange mystery. Can Sadie, Walter, and Lachie figure out a way to right old wrongs, or will they be condemned to repeat them? A fantasy ground in mythology, this novel has the backing of a full consultative process on the use of indigenous lore.
